Portfolio

My Work

Here are some of the projects I've worked on, including business websites, portfolios, landing pages, WordPress websites, and online stores. Every project is built with attention to design, performance, and user experience.

SEO Agency Website

Category

Business Website

Duration

10 Days

Project Cost

\$150-\$200

Overview

A modern website designed for a digital marketing and SEO agency. The project focuses on building trust through a clean layout, service highlights, team profiles, testimonials, pricing plans, and strong call-to-action sections. The website is fully responsive and optimized for performance and user experience.

My Role

UI/UX Design, Frontend Development, Responsive Design

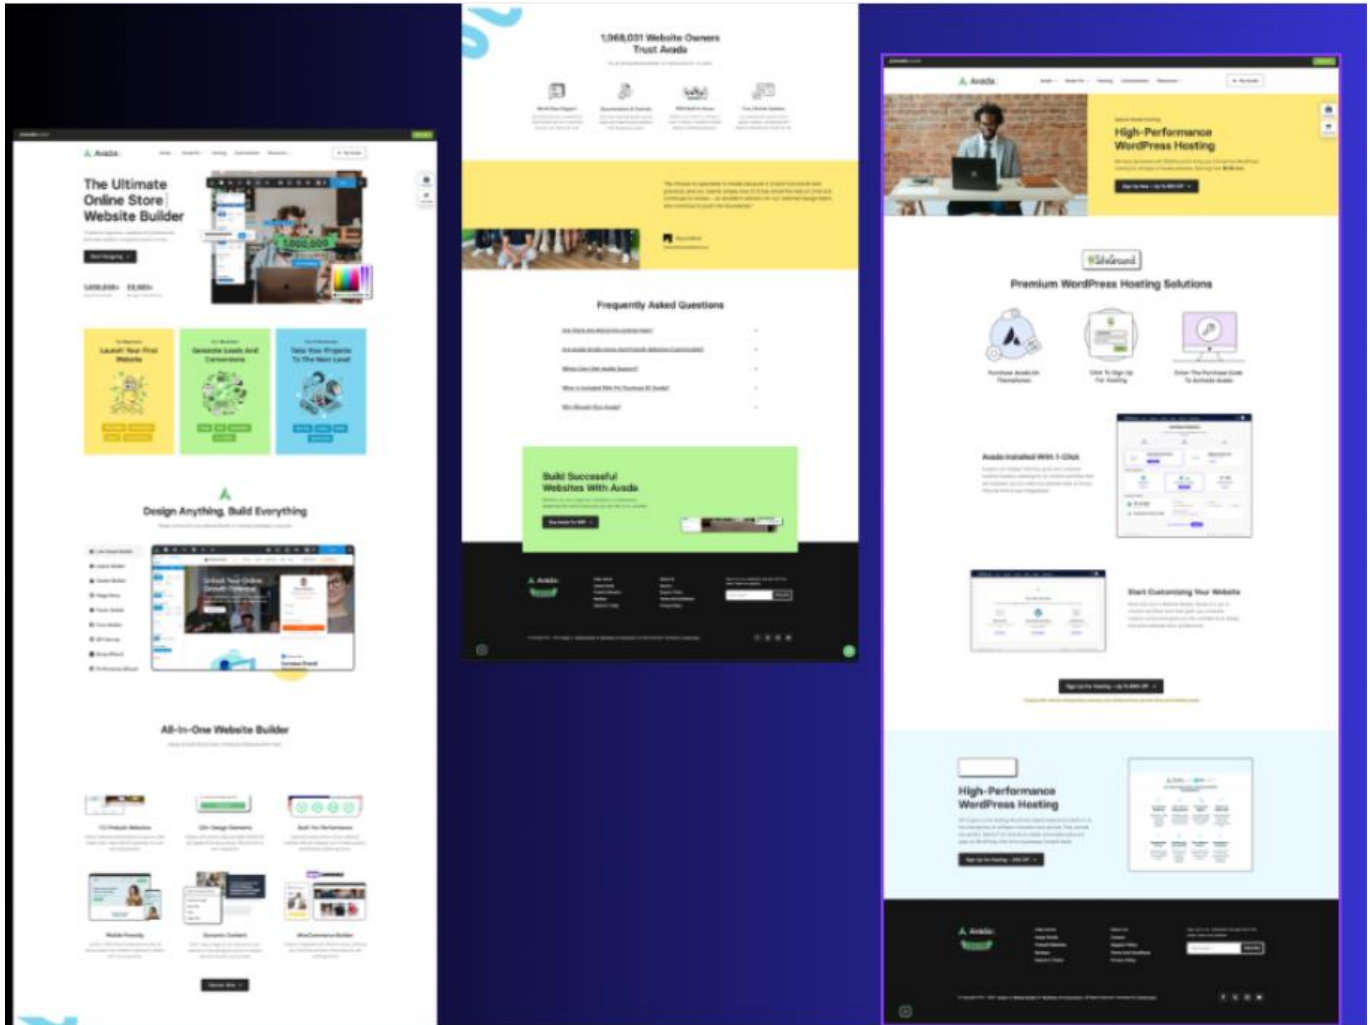

Technologies

HTML, CSS, JavaScript, Bootstrap

Features

- Responsive Design
- Service Pages
- Team Section
- Testimonials
- Pricing Plans
- Contact Form
- SEO-Friendly Structure
- Performance Optimization

Web Hosting Company Website

Category

Corporate Website

Duration

8 Days

Project Cost

\$250-\$300

Overview

A professional corporate website built for a web hosting company to showcase hosting solutions, product features, pricing plans, and customer support. The layout is clean, modern, and designed to improve conversions.

My Role

Frequently Asked Questions

- **What services do you offer?**

Ans: I design and develop responsive websites, WordPress websites, landing pages, eCommerce stores, and custom web applications. I also provide website maintenance, bug fixes, and performance optimization.

- **How long does a typical project take?**

Ans: The timeline depends on the project's size and complexity. Most business websites are completed within 1 to 3 weeks.

- **Do you build mobile-friendly websites?**

Ans: Yes. Every website I create is fully responsive and optimized to work smoothly on desktops, tablets, and smartphones.

- **Can you redesign my existing website?**

Ans: Absolutely. I can refresh your current website with a modern design, improved performance, and better user experience while preserving your existing content if needed.

- **Do you provide support after the project is completed?**

Ans: Yes. I offer post-launch support, maintenance, updates, and assistance based on the selected package or ongoing maintenance plan.

- **How do we get started?**

Ans: Simply contact me through the contact form or book a consultation. We'll discuss your goals, requirements, timeline, and budget before starting the project.
